

STA 426: Diffusion maps for high-dimensional single-cell analysis of differentiation data

Giuachin Kreiliger, Samuel Pawel

19.11.2018

Introduction

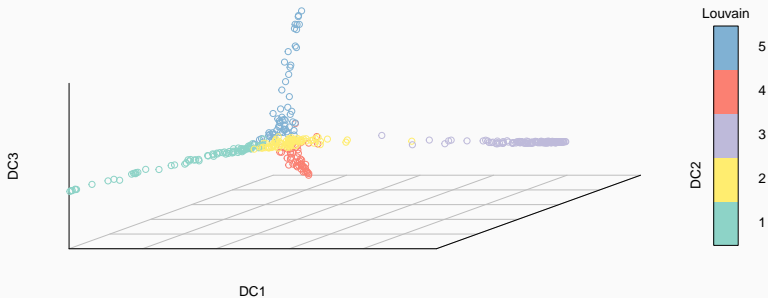

Technical Details

Comparison with other methods

R Demonstration

destiny Package

```
library(destiny)
data(guo)
dm_guo <- DiffusionMap(guo, verbose = FALSE, censor_range = c(15, 40), censor_val = 15)
plot(dm_guo)
```
